

Venture Capital Forum 2026 | 14-15 October 2026 | Amsterdam

A leading closed-door forum for LPs and GPs examining the future of European venture capital.

This edition explores The Path Forward - how investors can deliver performance in a market defined by fundraising challenges, constrained liquidity and renewed momentum behind European innovation and competitiveness.

47%	Founders and Partners
27%	C-Suite and Managing Directors
19%	Investment Professionals
7%	Investor Relations, Business Development

Programme at a glance

Day 1 brings delegates together for focused networking through the Single Family Office Roundtable, sector-specific discussions on Europe's most dynamic innovation areas, and the latest EIF performance data, concluding with the conference networking reception and dinner.

Day 2 examines how European venture capital is adapting for the next investment cycle, covering market trends, public capital, LP allocation strategies, capital deployment, evolving GP value creation models, liquidity pathways and Europe's next generation of VC success stories.

Registration and information

Attendance is open to pre-qualified institutional investors, GPs and LP fund-of-funds only. Service Provider attendance is limited to sponsors of the event.

Visit [the Venture Capital Forum page](#) for registration and additional information.
